

NOVA LFG

Exterior Design:

- **Color:** Crimson Red with Black Accents
- **Door Handles:** Flush with the door, pop out when the key/phone is in range
- **Frunk:** Button on the exterior to open; features rim lighting, temperature control, and a drain
- **Trunk:** Contactless kick sensor for opening, with a light on the lift gate and a glass panel that displays battery connections with ambient lighting, inspired by the Polestar 1
- **Charging Port:** Hidden under the tail light, providing a sleek look while allowing emergency plug-in charging if needed

Interior Design:

Front Cabin:

- **Steering wheel:**
 - Steer-by-wire design
 - Button layout includes:
 - **Entertainment Controls:** Volume, Pause/Play, Skip, Back
 - **Climate Controls:** Temp Up, Temp Down, Temp Auto, Fan Speed Up, Fan Speed Down, Fan On/Off
 - **Voice Assistant**
 - **Autonomy**
 - **Drive Mode:** Small switch at the 6:00 position beneath the horn
- **Digital & Holographic HUD:** Displaying speed, speed limit, navigation, and blind spot indicators
- **Seats:** Sports-style bucket seats in Black and White with carbon fiber accents

Central Console Layout:

- **Infotainment Screen:** Large, horizontal central screen for infotainment
- **Climate Control Panel:**
 - Minimalist touchscreen interface for vent direction
 - Two buttons on each side for seat heating and ventilation
 - Central physical interface for climate controls beneath screen
- **Gear Shifter:** Button on top for Park, Pull back for drive, up one for neutral, and up two for reverse
- **Launch Button:** Covered button, activates launch control when pressed
- **Wireless Charging Pads:** Dual hidden wireless charging pads beneath a slant, located below the climate controls
- **Cup Holders and Storage:** Located behind the gear shifter

Ceiling Console:

- **Hovering Console:** Inspired by Polestar 2, projecting the *Nova* logo above
- **Controls:** Three switches (Garage Opener 1, Garage Opener 2, and Hazard in the middle)
- **Camera:** Positioned to face diagonally downward into the car for interior monitoring and selfie pictures
- **Lights and Sunglass Holder:** Lights facing straight down, with a sunglass holder included

Back Seat Experience:

- **Seating:** Bench seat with a fold-down middle console
 - **Middle Seat Console:**
 - Cup holders at the front
 - Seat heating and ventilation controls, with two USB-C ports in between
 - Dual hidden wireless charging pads toward the back of the console
 - **Rear Touchscreen:** Infotainment screen located above hidden vents, allowing rear passengers to control climate (and potentially media)
- **Sunscreen Shades:** Located on both rear doors

Additional Features:

- **Door Release:** Button-operated
- **Puddle Lights:** Featuring a customized logo
- **Phone Key and Key Fob:** Like Tesla's phone-as-a-key feature, with an optional cool key fob for fun
- **Easter Egg:** Engages launch mode when the voice assistant hears "Let's F**king Go" and responds accordingly
- **Animated Headlights**
